

Devil's Discourse Teaser

Lithos: Hello, Hail Satan and welcome to Devil's Discourse, our new sister podcast to the Devil's Library. I'm Lithos.

Leraje: I'm Leraje.

K: I'm K.

Ligeia: And I'm Ligeia.

Leraje: We are a bunch of atheistic satanists who will be discussing various matters from a Satanist perspective.

K: These may be serious or frivolous, depending on how we feel.

There may even be both. The podcast is unaffiliated to any particular Satanic organization and we'll be welcoming guests from within and outside of the Satanic community.

Ligeia: If you would like to ask us questions or even contribute, you can get in touch. Details are in the show notes.

Lithos: Oh, and, um, don't expect us to release stuff on a regular schedule.

We have lives, we are making no money from this, and we refuse to be bound by audience expectations. In other words, the podcasts will appear as and when we fucking like. We hope you will stay on as a listener. Each regular listener will get Satanic bonus points, which will be redeemable for Tasty Snacks in hell.

Leraje: Hell's Balls.

Lithos: Snacks in hell. Hell's Balls.

Leraje: Hell's Balls?

K: Hell's balls.

Lithos: That was a shit AC/DC album, that was.

K: Yeah. Obligatory pie reference. Um, yep.

Leraje: Yeah.

K: Yep. Yep.

Lithos: Pies in hell, don't, don't, don't Google it. You're, you're gonna get something from PornHub? Um, yeah, almost certainly.

Ligeia: OK. Googling!

Lithos: Go. No, don't Google pies.

Ligeia: You can't stop me.

K: No. I, I think certainly it's gonna be Takis and Fuegos and stuff like that, and that's certainly not a callback to take one.

Leraje: No, it's certainly not. No, we, we didn't, this is not the second or third take. Because, um, your, your podcast host fucked up pressing the record button. But, um, uh, yes.

Ligeia: Never.

Lithos: From all of us. I will say from all of us, stay well. And Hail Satan.

Leraje: Hail Satan.

K: Hail Satan.

Ligeia: Hail Satan.
